## IMITATION DOME SECURITY CAMERA

Want an effective way to enhance your security system without paying an outrageous fortune? SVAT imitation cameras are the perfect solution to expand your security system. They make your system appear more robust, they are realistic, they are inexpensive and they are effective.

The ISC302 imitation indoor/outdoor dome camera was made to look identical to a real dome camera. When mounted on a ceiling, the flashing LEDs on the camera will have everyone convinced that it is the real thing. It can also help deter crime.
